

CAREER OBJECTIVE

Second Year B.Tech Information Technology student at VIT Pune with interests in Software Development, Data Analytics and Machine Learning. Skilled in Java, C++, Python and Web Development, with experience building real-world projects involving dashboards, analytics and inventory systems.

EDUCATION

Bachelor of Technology (B.Tech), Information Technology Vishwakarma Institute of Technology, Pune CGPA: 8.07/10	2025 - 2029
Senior Secondary (XII), CBSE Science Hind English Medium School, Gurukool Percentage: 70.00%	2025
Secondary (X), CISCE The Bishop's Co Ed School Kalyaninagar Percentage: 89.40%	2023

TRAININGS / CERTIFICATIONS

Certificate Of Completion: Claude Code 101 Jul 2026 Anthropic, Virtual	AI Foundation Dec 2025 Infosys Springboard, Virtual
Programming In C Dec 2025 Infosys Sprinboard, Virtual	Cloud Computing Dec 2025 Infosys Springboard, Virtual
Introduction To Artificial Intelligence Dec 2025 Infosys Springboard, Virtual	Introduction To Deep Learning Nov 2025 - Dec 2025 Infosys Springboard, Virtual
Introduction To Natural Language Processing Nov 2025 - Dec 2025 Infosys Springboard, Virtual	

PORTFOLIO

PROJECTS

[Real-Time IV Drip Anomaly Detection System Using IoT-Based Sensing ↗](#)

Apr 2026 - Jun 2026

1. Developed an IV drip monitoring system to measure drip flow rate in Drops Per Minute (DPM).
2. Used IR sensors to detect drip movement without modifying the IV setup.
3. Implemented anomaly detection for blockage, empty bag and free-flow conditions.
4. Integrated visual and audible alerts for immediate medical staff notification.

[Design and Development of an Assistive Glove for Deaf and Dumb ↗](#)

Mar 2026 - May 2026

Developed an assistive communication glove using Flex sensors, a microcontroller and an LCD display to convert hand gestures into text, helping make communication more accessible.

[CINEFY ↗](#)

Nov 2025 - Jan 2026

Developed a Cloud-Integrated Movie Platform using HTML, CSS, JavaScript and Firebase. Implemented secure user authentication, movie ratings, reviews, watchlists and an admin dashboard for content management.

[Personal Finance Tracker ↗](#)

Apr 2026 - May 2026

Developed a web-based Personal Finance Tracker using Python, Flask, SQLite, SQLAlchemy, HTML, CSS, JavaScript and Jinja Templates. The application helps users to track income, expenses, savings and transactions while also generating reports and giving visualizations for better financial decision-making.

[Real Estate and Housing Market Analysis ↗](#)

Apr 2026 - May 2026

Developed a real estate analytics dashboard using Python, Streamlit, Pandas, Plotly, PyCaret and XGBoost. Analyzed 2,00,000+ housing records, performed state-wise market trend analysis, visualized pricing patterns and built a machine learning model for house price prediction with feature importance evaluation.

[Inventory Tracking System for PMPML ↗](#)

Oct 2025 - Jan 2026

Developed a web-based Inventory Tracking System for PMPML to modernize inventory management and asset tracking. Designed and implemented QR-code enabled tracking workflows, inventory dashboards and digital record management features, helping reduce dependency on manual processes and improve operational efficiency.

SKILLS

- | | | |
|-------------------------------------|---------------------------|-----------------------|
| • Python | • Java | • JavaScript |
| • C++ Programming | • CSS | • HTML |
| • Firebase | • Arduino | • Flask |
| • Bootstrap | • jQuery | • GitHub |
| • Git | • Tailwind CSS | • Pandas |
| • NumPy | • Streamlit | • Data Analysis |
| • Power BI | • Power Query | • MS-Excel |
| • SQL | • XGBoost | • Data Visualization |
| • VS Code | • Google Colab | • Machine Learning |
| • Object Oriented Programming (OOP) | • Event Management | • Conflict Management |
| • Time Management | • Effective Communication | • Problem Solving |
| • SQLite | • MS-Office | • MS-PowerPoint |
| • WordPress | • MS-Word | • C Programming |
| • Data Analytics | | |

EXTRA CURRICULAR ACTIVITIES

- Extra-Curricular Volunteer - Student Council: Coordinated events with 100+ participants.
- Execution Volunteer - Entrepreneurship Development Cell (EDC), VIT Pune: Assisted in organising entrepreneurship workshops and networking events through EDC.
- Public Relations Volunteer - VIT Pune Model United Nations (MUN): Managed publicity campaigns for VIT Pune MUN.
- Operations Coordinator - Information Technology Students Association (ITSA), VIT Pune
- 1. Vice-President-Hack With India, VIT Pune Student Chapter
- 2. Extra-Curricular Volunteer-Student Council: Coordinated events with 100+ participants.
- 3. Execution Volunteer-Entrepreneurship Development Cell (EDC), VIT Pune: Assisted in organizing entrepreneurship workshops and networking events through EDC.

4. Public Relations Volunteer-VIT Pune Model United Nations (MUN): Managed publicity campaigns for VIT Pune MUN.

ADDITIONAL DETAILS

- Played Basketball till State Level
- Karate Black Belt-Received multiple awards in tournaments
- Built 5+ projects across Web Development, Data Analytics, Machine Learning and IoT applications.
